Subject: PFAS Summit and Minnesota
Attachments: ATT00001.txt

Hi Peter,

My Commissioner, John Stine, shared your contact information. I want to let you know we will be sending a couple of people from MN to the PFAS Summit.

Paul Allwood, Assistant Commissioner from MN Department of Health (oversees drinking water systems and standards)
Kirk Koudelka, Assistant Commissioner from MN Pollution Control Agency (oversees remediation, solid waste, various land issues)

We also have program managers in national organizations that will be attending representing those organizations, but be able to talk about MN's experience too. ASTSWMO will be sending two people, one of which is our Superfund program manager Sandeep Burman. ASDWA will have Randy Ellingboe, Department of Health's Drinking Water Protection program manager.

We are excited to attend the event to work together on ways to deal with PFAS. While Minnesota has been dealing with PFAS for over 15 years at a 3M site in the eastern suburbs of the Twin Cities, there is still new PFAS things we need to deal with and look forward to learning from others on. Please let us know if there any specific way we can be of assistance.

Thanks,
Kirk

Kirk Koudelka
Assistant Commissioner
Land Policy and Strategic Initiatives
